Born to Mr. and Mrs. Arnold Lee, Belle Glade, a baby girl, January 28th.

COUNTY EXPOSITION

Continued on Page 1 or sixty percent of exhibit space had been reserved during the past ten days and that the event gives promise of exceeding the 1949 Exposition, both from the standpoint of the number of exhibitors and attendance.

Workers are actively engaged repairing the building located on Southern Boulevard at Congress Avenue, including the installation of all the electrical circuits. The grounds are being cleared and graded to be in readiness for the March 3rd opening under the direction of the Building Committee, consisting of R. D. Hill, Chairman; Henry Delburn, Bernie Benzel, John Sheffield, Elmer Hendricks, and Robert Nevins.

In addition to the scores of county industrial, commercial, and agricultural exhibits, there will be new State Exhibits of educational nature. The location provides for large displays of farm implements, boats, and airplanes in the court yard at the entrance.

Sensational entertainment is being planned, including acts of national reputation, in addition to the individual novelty displays of national distributors. It promises to be Palm Beach County Industry on Parade for the tenth performance.

Due to a heavy request from exhibitors and patrons the Exposition will remain open, on both Sundays, in order to allow attendance by residents of rural areas. Band Concerts are scheduled in the afternoon, but the showing will otherwise be devoid of fanfare. A donation will be made to charity in observance of these days.

The Exposition is co-sponsored by the West Palm Beach Chamber of Commerce and the Resources Development Board as an aid toward furthering business in the County. Profits after expenses are to be used to improve and expand better facilities for the exhibitors and the public.

Have you ever seen your richest soil falling down a river? Planted pines can pay by helping prevent such erosion.

PHOTOSENSITIZATION (Continued from Page 1) Since cooperating with Messrs. Kildner and Beardsley in studying the problem of sensitizing and of treatments to date, in which excellent cooperation also has been given by Mr. F. L. Linder, Dr. Charles R. Forman of Ft. Lauderdale, and Mr. J. M. Wood, who has been found on the possibility that the use of antibiotics of poisonous plants on the one hand, and on the other, the possibility that a toxic factor is coming from one of the several fungi that quite consistently have been found on some of the grasses. In this he is cooperating with the local plant pathologist, Dr. W. M. Storer, and Mr. W. D. Hogan.

Plans for the immediate present include (a) the feeding of apparently normal steers, with several variations or supplements, with the typical grass that apparently has been causing the trouble; (b) the removal of affected steers to what is regarded as normal pastures with treatments or feeds; (c) isolation of whatever fungi that seem to be most commonly present on the grasses of the affected area with the view of feeding pure cultures of them to healthy animals in the event they are induced by the feeding test of "a" and "b"; (d) the setting up of long time pasture improvement and maintenance studies; the lack of which, information, if any, is without doubt, the greatest source of our trouble at the present time.

Allied Equipment Co. Sales, Service and Local Representative. Mr. Jack Reber, Atlanta, general sales manager for the Southern territory of the Allied Equipment Company, Marion, Ohio, was in Belle Glade last Wednesday. He and Mr. Lloyd Byrd, local representative, who recently moved to Belle Glade from Little Rock, Arkansas, spent the day calling on old and new customers of the firm.

Birth Announcement Mr. and Mrs. Sydney K. Smith, Jr., Belle Glade, announce the birth of a daughter, Kathryn Jane at the Ft. Pierce Memorial Hospital, February 1. The paternal grandparents also live in Belle Glade.

Big Change in Small Change "A penny saved is a penny earned." Hot stuff in Franklin's time. Today you save a quarter. And it's hardly worth a dime! —S. Omar Barker

BELLE GLADE WATERWORKS

BELLE GLADE WATER COMPANY'S personnel: Bottom row, left to right: Commissioner Walter L. Collins, Mrs. Chas. Lantz, Leatha Story, C. H. Troop. Top row, left to right: S. B. Gregory, B. B. Tyler, J. T. Lamb, I. L. Davis, Price Tyler, and Ed Kellogg.

WATER COMPANY REVENUE FOUR TIMES 1941 INCOME

The new plant of the Belle Glade Water Department pictured above was completed in September 1947 at a cost of approximately \$210,000. The new plant is complete in every detail and the filtration and purification system is unexcelled. The public is cordially invited to drive out and inspect the plant at any time. One of the employees will personally supervise a tour.

Revival To Open

A two weeks revival will open next Sunday at the South Bay Baptist Church according to the announcement of the pastor, Rev. B. A. Oswald.

A visiting gospel evangelist, F. Hallford of Dothan, Ala., has been secured as the speaker at these special services, which will continue from Feb. 5 through Feb. 19.

The McKinley Musical Messengers consisting of a man and a wife will be in charge of the song services starting each evening at 7 o'clock. The McKinley messengers in addition to singing play a variety of musical instruments and Rev. Oswald anticipates that this part of the service will be varied and interesting as a preparation for the service to follow.

The public is invited to attend any or all of these services.

Gospel Quinets Musical Last Night At Lake Harbor

The Eppey Sisters Gospel Quinets, Manchester, Pennsylvania rendered a unique program consisting of vocal quintets, soprano and alto solos and instrumental numbers on the vibraphone, piano, electric Hawaiian guitar, saxophone, accordion and cello and dramatic chimes last night at the Lake Harbor Community Methodist Church.

These five sisters are all college graduates with musical degrees and are well-known as entertainers, having appeared in churches of 38 denominations and on radio programs from coast to coast and in Canada.

NEW NEGRO

(Continued from page 1) \$1,200 each for circuit and criminal courts to pay for the services of jurors in accordance with the state recommendation.

Heard R. B. McKee, assistant county auditor, report the receipt of \$6,700.00, which was turned over to the road and bridge fund, for the county's share in the seven cent gasoline tax for December.

Rams Beat Blue Devils In Tuesday Night Tilt

Horse play and boisterous thrills took the stars Tuesday night, when the Belle Glade Rams worked on the Blue Devils of Pakohoke for a 31-10 win. The winners were losers throughout the 14-12 as the first frame ended and 22-22 at intermission.

When the Rams came on for the second half, they were five very soft cases. It may be assumed that Coach Maynor's dressing room attitude had some bearing. Anyways, the Rams got back on the track and battered Pakohoke 29 to 12 in the second half. The sober faces disappeared.

The tiny crowd of forty nearly raised the gym roof in the fourth stanza, when D. C. Nelms suddenly popped up even with the Rams' goal having been boosted there on the shoulders of two mates, Lee Burke and Al Leathers. The "crip" shot failed, and the three Rams were ejected from the game; but they succeeded in drawing a roar of applause from the fans. The players must have seen that recent newsworld of the Harlem hotshots.

Nelms rang up 17 markers for Belle Glade, tying Wilder of Pakohoke, for the evening high. Seven of Wilder's points came by free throw, while Nelms garnered only 1 from free shooting.

In the junior game, Belle Glade missed the boat, Pakohoke's cagers cruising to a 31-21 victory.

Over the past weekend, the Rams received an even break, knocking off the Pakohoke Blue Devils, 35-24 in a Gulf loop tilt on Friday night. Then the Gladians were brought to their knees on Saturday, when the red hot Key West Cagers held them by a score of 40 to 36.

Belle Glade was never behind in the Friday tussle, although their margin was a mere whisp-er until the fourth quarter, when Carden led the Rams with 10 points, and Wilder had nine for the losers. The Ram juniors topped the Blue Devils 3 square by score: 39-30. Leading pointer: John Lamb, with 14.

Alvin Leathers stole the show on Saturday night by leading all players in total points, 17. Belle Glade led during the first half, and apparently had things going well, but was out of luck to be the case. Three freshmen, John Carden, Bobby Barber and John Smith, played a whiz of a game for the Rams.

In the B square game, Key West ran over Belle Glade, 40-22.

EVERGLADES BOARD

(Continued from page one) mum, but have any prospects of getting it.

A check discloses that Tom Campbell has been on the payroll for four months at \$350 per month. This pay plus eight months of \$3400 for a job no one has found a necessity for herebefore.

This amount would help a lot towards a bulldozer. Brock Cantrell member from Broward displayed the gasoline effort of the ineffective campaign to oust Guy Bender and move the headquarters to Broward County. The Board refused to fire Warden Charles Davis who has been on the job for eight years in Broward County. Mr. Cantrell was again him but was ineffective in convincing the "cracker" members on the Board.

All employees, other than wardens, were made subject to the pleasure of the Chief. Wardens are appointed by the Chief, with the consent of the Board.

PEPPER-SMITH'S Continued from page 1 ceratic principles. Senator Pepper declared, "the Democrats of Florida are solidly behind President Truman and the platform by which the Democrats are doing the most good for the greatest number of people."

Another of Florida's Congressional sons, Dwight L. Rogers was seated at the speaker's table and during his talk he defended the Administration's spending program. The Congressmen declared, "we as Democrats must work as a team to solve our problems—cooperation is the key to achievement."

Governor Fuller Warren was unable to attend, but was represented by his wife who sat at the table with Senator and Mrs. Pepper.

State Democratic Committeeman E. B. Donnell, president, and guests were introduced by Winston K. Pendleton, assistant finance director.

The invocation was given by Dr. John C. Glenn, pastor of the First Methodist Church in West Palm Beach. Milton Duncan sang the National Anthem. Several from the Glades area

were noted at the gathering, especially in the rooms of the hotel where pre-dinner confabs were held.

3500 PINE TREES

(Continued From Page 1) years. Bonninghausen said, the nurseries have been unable to produce enough young pine trees to fill the orders received, the current planting season being the first time that nursery

production has been ahead of the demand for them.

I WANT TO BE

(Continued from page 1) control program. These measures passed both houses with an dissenting vote. The State is providing only 15 percent of the total cost, with the Federal Government giving the State an outright grant of the other 85 percent.

While a leader in the Legislature for better welfare and educational programs, Mr. Bollinger at the same time fought against higher and more taxes. He was a consistent worker and leader in efforts to stave off the state sales tax, now in operation.

Mr. Bollinger was born and reared in Cochran, Ga., attended Mercer University, Macon, and obtained his law degree at Cumberland University, Lebanon, Tenn. He has practiced law in West Palm Beach for 15 years.

Married and the father of five children, Mr. Bollinger resides with his family at 411 34th St., West Palm Beach. His older daughter is married. His youngest daughter, Jeanne, is a teacher at Palmetto School. He has three sons, John Jr., Bill and Steve.

College Offering
Scholarships For
High School Girls

Scholarships worth \$6580 will be awarded to three Florida high school senior girls by Florida Southern College in Lakeland, in a competition to be held during its Founders Week celebration, Feb. 27-Mar. 5.

The girl winning the first place award will receive a full scholarship for four years, worth \$3720, which will include all board, room and tuition. The second place award will be a half scholarship, worth \$1860, and the third prize will be \$230 a year for four years, to be applied on tuition.

Contestants will be judged on character, cooperativeness, willingness to accept responsibility, grades, extra-curricular activities, participation in school, church and community activities, personality, citizenship, special abilities and contributions to school and community life.

College officials emphasized that the competition is not a beauty contest.

Each high school in the state, whose students are eligible to enter Florida Southern, has been asked to select a senior girl to represent her school in the competition. To be selected, she must have grades placing her in the upper half of her class.

Judging of the contestants will be held at Lakeland, on the afternoon of March 3, and the winner will be announced at a ceremony that night.

During Founders Week this year Florida Southern will observe its own 85th anniversary and the 25th anniversary of Dr. Ludd M. Spivey as president.

State C of C Head
Predicts Steady
Business For 1950

Walter L. Hays, president of the Florida State Chamber of Commerce and one of the keenest business leaders in the state, sees the following outlook for 1950.

"What is ahead for Florida and the nation in 1950? Everyone is asking this question. From where we sit this is how it looks at the moment. Speaking of business in general, the dollar value will probably equal that of last year—but more goods will be delivered. People will receive slightly more for their money this year. Although the volume will stay up, business will not be delivered on a platter. 1950 will be a year when business again goes to work. This is a healthy condition. It has been a long time since there were so many opportunities, so few obstacles for making business what we want it to be.

"There will probably be as many cars sold in 1950 as in 1949, but because production is catching up, a tremendous campaign will be waged to sell cars. There will be stiff competition between companies and dealers. People will be urged to trade in their old cars earlier, not to drive them as long. Due to this competition automobile prices will decrease during the year.

"Many electrical appliances and much merchandise of the same nature will follow somewhat the same pattern as the automobile business.

"1950 will be another year of home building. Indications are that the need for homes will continue throughout the year. However, because we are nearing the point of filling the need for homes, competition will become an important factor in the sale of new homes. Salesmen will be selling again in this business, they will be encouraging those who rent to buy a new home, and will encourage many who come home to sell and buy something more pretentious.

"Advertising will revert from institutional to competitive, prices will be featured, time payments will become more popular and liberalized.

"In all lines of business, those who are on their toes and ask for business will do all right. Those who are slow on the uptake will suffer because, to a certain degree, competition will have again set in, and that's good, too.

"1950 is made to order for the insurance man who is enthusiastic, alert and on the ball."

Tampa Prepares For
Heavy Traffic

Here's the one sure way to beat the traffic problem for Tampa's Gasparilla Parade Invasion Day parade, scheduled

this year for February 6, and applies for that matter through the eleven-day period of the Florida State Fair, January 31 to February 11.

Get to Tampa earlier than early, park your car and forget it until all is over and you are ready to go home. And while you're in your car, follow the advice of the police.

That is the considered opinion of the men who know best—Captain H. C. Hamm and Sergeant John Flaherty of the Tampa Police Department's Traffic Division, and Lieutenant James G. Gallop of the State Highway Patrol at Tampa—handling traffic is their business.

But for the officers who have to handle the traffic, it isn't quite that easy. In the office of Captain Hamm, where the traffic plans of the police department, sergeant's office and State Patrol are coordinated, you can find a very thick file of assignments and plans for the day. That file is the result of years of experience in handling Florida's biggest single day crowd and it is constantly being revised as experience broadens, new problems arise and old problems become more complex.

"No matter how detailed our plans, or how efficient our officers, traffic is heavy as that which converges on Tampa on Gasparilla Day always presents problems we are unable to anticipate," said Captain Hamm.

"But our present day communication system enables us to put the answers in the hands of the officers on the street," he continued.

"For that reason it is of paramount importance that motorists take the advice of the officers and follow their instructions. The officers know what's going on all over town, the motorists don't," Captain Hamm declared.

All traffic going through Tampa that day is being advised by the officers to avoid the central and downtown sections of Tampa, North and south bound traffic should stay strictly on U. S. 41; and east and west bound traffic should stay on State Highway 600.

In addition, Captain Hamm said, all trucking companies are being asked to avoid Tampa and cancellation of all deliveries in the city, except those absolutely necessary, is being sought for the invasion day.

Bayshore Boulevard in Tampa will be closed from downtown to Manolia Avenue from 12:50 o'clock noon, when the parade invading ship passes the Platt Street drawbridge, until the parade is over. All draw bridges will be closed to boat traffic from 12:30 to 6:00 p.m.

Vegetable Markets
Report Increase
In Sales Volume

Government Inspection of tomatoes began last week for the first time in the history of the Florida State Market. Reports indicate growers and buyers are pleased with this service.

Auction sales of tomatoes start this week and the market anticipates 10,000 to 11,000 field crates of fair quality tomatoes. A heavy volume of pole and string beans and a light volume of eggplant will be available, according to reports coming into the office of William L. Wilson, director of state markets. Prices on tomatoes at this market ranged from \$1.00 to \$5.00, most of them going at \$5.00 to \$6.00 per crate.

Weather and growing conditions are reported ideal in the Pompano State Market area. Spring plantings of beans, cucumbers and squash are heavy. On the market at the present time is a good supply of good quality bean, pepper, eggplant, lima beans, cucumbers and squash.

Tomato volume and size on the Palmetto State Market's Market is decreasing daily with the auction sales probably closing this week. A light volume of pepper, eggplant, pole beans, okra, yellow squash, cucumbers, English peas brought the total packages sold during the past week to 3,175 at a revenue \$9,013.99.

Cabbage and cauliflower, in good supply for the next two weeks, are available at Palmetto. In spite of a weak market, 18,500 cases of cabbage and 1,850 crates of cauliflower moved during the past week.

Fabokree reports they anticipate a limited quantity of beans, potatoes and celery during the current week.

A light volume of tomatoes continue to move through the Fort Pierce market, though auction sales have been discontinued. Tomato volume through this source totaled 430,425 units through January 17 with gross sales totaling \$1,483,058.00.

Incomplete survey of the spring tomato acreage shows six to eight thousand acres.

Pahokee Child
Dies in Canal Monday

James Tilton Hare, 4-year-old son of Mr. and Mrs. Ben Hare, Pahokee, was a drowned last Monday afternoon when he fell into 14-feet of water in a canal at the dikes of Lake Okechobee.

An unsuccessful attempt to save the youth was made by the mother. It was reported that the jump into the canal in an effort to grab her son. She was saved from a possible drowning by J. T. Chance, a fuel truck driver.

The accident occurred at 5 p.m. according to Police Chief Altman E. Morgan, and the child's body was not recovered until an hour later.

Besides his parents the child is survived by three brothers, four sisters and his grandparents, Mr. and Mrs. V. T. Brantley, Okechobee.

Funeral arrangements were in charge of Berry Funeral Home.

Pepper Answers Critics
On Sympathy With Reds

Sen. Claude Pepper told a luncheon audience at West Palm Beach Monday that those who attribute to him any sympathy with totalitarianism "know they speak falsely."

The Senator stood on attacks he had been directed against him for his visit to Moscow in 1948 when he was received by Premier Stalin.

"These critics would not like you to know that I visited the heads of each of 19 countries on that trip," said Pepper. "Why don't they tell you about the hour and a half I spent with Churchill—the interview I had with Gen. De Gaulle of France? Why don't they tell me I talked with Gen. Eisenhower in Germany, and with Gen. Bedell Smith?"

The Senator said he made the journey as a member of the Senate Foreign Relations committee.

Too Late Now
He: "A Chinese proverb says, 'one good word can warm three winter months.'"

She: "Then why didn't you say that word last November."

HOW MANY

do you think were installed in Florida in 1949?

The year 1949 was such a big year in the growth of telephone facilities and service, we thought you would like to know some of the facts and figures. Here's the story of the year in brief:

New Telephones
More than 103,500 new telephones were installed in Florida last year. That's a lot of telephones, requiring the addition of huge quantities of wire, cable, poles, central office equipment and new buildings or building additions.

New Buildings
Sixteen new-buildings or building additions were completed in the state last year and work is under way on other new building projects for 1950.

People at Work
At the close of 1949 there were more than 6,200 people employed by Southern Bell in Florida. Wages for these men and women amounted to millions of dollars—a substantial contribution to trade and prosperity throughout the state.

Rural Telephones
Many construction crews were busy stringing lines in rural areas throughout the state last year. During the year more than 26,300 new rural telephones were installed.

Money Spent
This vast expansion and improvement of telephone service in Florida in 1949 cost more than \$23,100,000. This was over and above other millions of dollars paid out in Florida for operating expenses.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

so much value . . . so little cost

TWO-WAY STRETCH

that's strictly inside stuff!

HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the equally new ROADMASTER 120. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the difference is used to give you real stretch-out room in the rear seat.

What the boys did here really calls for some medals.

We gave them the job of coming up with something that was bigger inside—for room and comfort—longer in wheelbase—always important to good riding qualities—yet unbulky and easy-handling in over-all dimensions.

Just look how well this tidy number meets these "impossible" specifications!

Item one—rear-seat cushions are a full foot wider than last year's SUPER and ROADMASTER.

Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room, rear-seat compartment—there's more room in these models—and nearly four inches longer, fore and aft, than other 1950 Buick interiors.

Item three—wheelbases are the longest of our 1950 line. On the SUPER, it's 126" instead of 121½" on the ROADMASTER 130½" instead of 126½".

Yet—and here's where the magic comes in—the whole car is shorter overall. Actually less from bumper to bumper than previous Buicks in these series.

That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic.

There are some other things, too. An extra rear-quarter window not found in standard 4-door Sedans. A different upper-structure styling that makes this body-type stand out as something pretty special.

Even special names that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different.

Yes, we think we hit on a happy idea in the "Longfellow," as they're coming to be known. They are not longer, on the outside, but there's a two-way stretch—in width and length—in the rear compartment.

You're going to like that—as you'll see by calling on your own Buick.

Lions Club Organized With 21 Members Signed

The South Bay Lions Club was launched Tuesday night at 7:30 o'clock at the school auditorium when Walter B. "Scott" Currier presided.

The club was organized by the new group. Currier gave an address on the meaning of the Lions Club and 21 charter members signed, thus joining themselves together for a good fellowship, and service to their fellow men.

E. S. Robert of Belle Glade, Deputy District Governor of District 35-S, which includes all Southeast Florida, has been instrumental in the organizing of the South Bay club and stated that the Belle Glade Lions will donate a Lions belt and gavel to the new group.

Lion Currier presided and conducted an election of temporary officers. T. E. Weathers was elected temporary president, J. C. Warren was elected temporary secretary-treasurer.

A meeting was scheduled for last night at the school auditorium. A committee is working to secure a local women's organization to serve the dinners each Thursday night at the school cafeteria.

Charter members are T. E. Weathers, Currier, Warren, E. Crichfield, E. M. Willis, R. M. Cato, J. P. Roberts, B. Higginbotham, J. W. Wall, Charles L. Bilbo, A. L. Crompton, Mark Chastain, L. M. Davis, E. D. Hartline, Melvin Herring, A. N. Lamoureux, H. O. Mitchell, John Mangan, John W. Roadman, J. Clayton Waters, F. B. Willis.

Albert McAllister Victim In Automobile Accident

"Albert Purvis McAllister, age 19, was instantly killed in a highway accident on the Belle Glade-Pahokee road Friday night when his car failed to take the curve some 3 and one-half miles south of Pahokee, side-swiped two pine trees and crashed head-on into the third according to Highway Patrolman W. B. Brinson, who was called to the scene and investigated the accident.

The accident occurred at 12:05 as Purvis and two companions were returning home from Pahokee. Burton Martin, 19 year old son of Mr. and Mrs. Wesley Martin of Oklawaha, suffered face lacerations, body bruises and shock. He was given first aid at the Pahokee Memorial Hospital. Thomas Jackson, age 33, of South Bay was hospitalized with severe cuts on his right hand, body bruises and shock.

Purvis McAllister came to South Bay 15 years ago with his parents from his native Turner County, Ga., and later moved to Bean City. He attended the South Bay and Belle Glade schools and was working as a dragline operator in the Oklawaha area.

Survivors are his parents Mr. and Mrs. Otis M. McAllister of Bean City, three brothers, Aubrey and Jimmy of Bean City and Merrill of South Bay and one sister, Mrs. Maureen King of South Bay and grandmother Mrs. J. H. McAllister of Ashburn, Ga.

Funeral services were conducted at the South Bay Baptist Church Tuesday afternoon at 2 o'clock, the Rev. B. A. Oswald officiating. Burial was at Port Mayaca Cemetery.

Pail Bearers were Thomas Williams, Dan Bartow, R. O. Lockmiller, Rayford Hall, Norman Horton and Harold Sellers. Berry's Funeral Home at Pahokee was in charge of services.

The Gulf Three Way Service Station operated by Clayton Waters was burglarized sometime Thursday night by an unknown party who gained access to the building by knocking out a rear window. Between \$30

and \$35 in cash was taken from the cash register, a considerable amount of which was in silver and small coins.

Nothing else was missing. Several valuable articles were untouched as were the parts and various knickknacks in the line of eatables and cigarettes. Some excellent finger prints were obtained and chief R. C. White is working on the case.

State Organizations Endorse Juvenile Court Amendment

Six state-wide organizations have endorsed the juvenile court amendment to the Florida Constitution which will be subject to vote by the people in November.

The organizations, with thousands of members, are the Florida State Bar Association, Florida Children's Commission, Florida Probation and Parole Association, Juvenile Court Association, State Junior Chamber of Commerce, and the Florida Congress of Parents and Teachers.

The juvenile court amendment had been a long-time project of the State Bar Association. It was approved by the legislature during its 1949 session, subject to ratification by the electors.

The amendment submitted to the legislature to establish juvenile courts in the counties, and define the procedure for handling criminal charges against minors. For instance, an eight year old child can either be brought into juvenile court as a delinquent, or he can be charged with crime and jailed with adult offenders.

The amendment submitted to the voters would provide for juvenile courts, when established by the legislature, to have exclusive jurisdiction of criminal cases involving minors under an age to be established by the legislature.

Cinematic Chatteer

Combining breath-taking beauty in majestic scenery with tense, blazing action, Colorado Territory, which comes to the Hugo Theatre, Sunday-Monday, with Joel McCrea, Virginia Mayo as stars and a wonderful cast of featured players, headed by James Mitchell and John Archer, will be one of those outstanding Western pictures.

Midst the towering buttes and red rock canyons of Western Colorado the stars, featured players, director and cameramen worked for months to record the beauty and to unveil the story of a hunted outlaw, Wes McQueen, who fought to clear his name among the large cast seen tailored to the role they have assigned to them. Every member of the large cast seem tailored to the role they have assigned to them. Every member of the large cast seem tailored to the role they have assigned to them.

Colorado Territory, I believe will be one of your best remembered pictures.

See you at the movies—Mal.

Those City Folks

A city boy was out visiting his country cousins while they were running through a weedy pasture, the city boy stumbled over a half-dozen empty bottles which someone had carelessly tossed over the fence. Picking himself up the city lad shouted, "Hey, Joe, come here! I found a cow's nest."

Mothers Club Contributes To Luncheon

At their regular meeting last Thursday night, the members of the Mothers Club turned over the sum of \$44.50 to the school. Of this amount \$37.00 was for the purpose of underwriting free lunches in the school cafeteria. The remainder was the final payment on a slide and filmstrip project which was by the club for the school.

School Has Vegetable Garden

Members of the class in Vocational Agriculture at the school have planted a vegetable garden on the west end of the school property. In a plot which we expect to have plenty of corn, beans and turnips growing in immediate surroundings and extended here.

Presently Skit

At the assembly hour on last Friday the members of grade 4-B presented an original skit entitled, "We Are Learning." The story in the skit centered around how the P. Vocals act when first we moved into the new building as well as the school now greatly their general conduct has improved since the first year.

Members Enjoy Program

During the past few days we have solicited many for the Infants' Paralysis Campaign. Following the success of the last year, at least one card: Annie M. Blount, Omella Lockett, Persella G. Stephens, L. L. Lewis, John Quinn Harrell and Clyde Williams.

Pupil with Highest Average

The pupil with the highest average for the first semester is Omella Lockett. Omella attends the school in the morning and is very diligent in her studies. She is a well disciplined little girl. May others follow her.

NEWS OF GRADE B-X

By Virginia Bonin

As we know, there isn't anything which can be accomplished by a group without co-operation. For the first semester Annie M. Blount, one of the youngest and smallest members of our class, has been chosen by the class as the most cooperative. We can't think of anything which has been of the class which Annie hasn't willingly. Much praise is extended here.

Beach City News

By Mattie Jane Youngblood

A fine movie is shown each Thursday night at the school. One out and enjoy a good show each week. Because of the large attendance at the movie, it was necessary to go on double session beginning this week. Mrs. Lee is ably taking care of the situation. The morning group is in the company of the afternoon group for the attendance party to be given once a month for the purpose of increasing pupil participation and parent interest in the school lunch program. Several officers of various civic organizations pledge financial support to the lunch program.

Members of Grade 4-B

presented again their play, "We Are Learning," for the enjoyment of those present. The play was a success.

Watters Make Contributions

Two visitors, Mr. J. A. Peacher, of West Palm Beach, and Mr. James Tillman of this city, came out to the school last Thursday and were greeted by the new first school plant that we have. Before leaving they contributed \$100.00 and \$50.00 respectively towards helping to furnish the teachers' lounge.

Everglades Vocational High

By Jamesna Poole

On Friday, January 27, the Senior Class, along with the physics instructor, Mr. J. W. Perry, organized a Science Club. The officers are: Eugene Williams, President, Cecil Miller, Vice-President, Max George Murphy, Treasurer, and Jamesna Poole, Reporter. We are glad to see that you read the Belle Glade Herald to keep informed on the latest happenings in the Science Club.

Wednesday's "Black Ball"

fell to the Bobcats as the girls won 29-17 and the boys won 29-20. Friday night, January 27, the "Bobcats" traveled to Ft. Pierce to meet a very strong girls' basketball team. The girls won 18-20 and the boys lost 42-20. The "Bobcats" are constantly growing stronger.

At this writing we are all

MASONIC LODGE NEWS

By A. Z. Morgan, Jr. The annual visit of Mr. Chas. S. Jones, Grandmaster A.F. & A.M. Prince Hall Jurisdiction of the State of Florida, was greatly enjoyed by the members of the lodge.

In bringing greetings to us

from the Grand Lodge, Master Jones also brought compliments for the progress made by the lodge members in unanimously re-electing to their offices A. Z. Morgan, Jr., and Jamesna Poole, Secretary and Assistant Secretary, George Murphy, Treasurer, and Jamesna Poole, Reporter.

After introduction, greetings

and compliments were over, Master Jones made a general address to the lodge members clarifying several questions and suggesting the degree with much valuable information.

The members were so enthusiastic

over the visit of the grand master that several requests were made to call a special meeting for Tuesday night, but due to the illness of the Grand Master this meeting was postponed.

NEGRO HISTORY WEEK

By Mrs. Ora D. Lee

It is with pleasure and pride that America's Schools prepare for Negro History Week, which begins February 12th. It would be better, however, if every week were Negro History Week for the vast thousands of American students over America. Little is printed in our text books about the negro that even our neighbors do not know.

After all of this preparation

he felt prepared for an investigation of South Africa, East Africa, Malaga and the British East Indies. This marked an epoch in the study of the negro on foreign soils, especially in Africa. He was the first negro and first American to take time for such a study of primitive Africa before undertaking to write the present status and 1929.

During the past few days

we have heard of the story of our. Although "Up from Slavery," we have made rapid progress in the study of the life of the negro. The age has produced such captains of industry as Booker T. Washington, W. E. B. DuBois, and C. L. R. James.

At the assembly hour

on last Friday the members of grade 4-B presented an original skit entitled, "We Are Learning." The story in the skit centered around how the P. Vocals act when first we moved into the new building as well as the school now greatly their general conduct has improved since the first year.

South Bay Elementary School

By Mrs. M. P. Soudal

The girls softball team of South Bay Elementary School will play two out of three for the year in defeating the Lake Shore Elementary School softball team in a 12 to 6 victory on Tuesday January 31, 1950. The South Bay Blue Caps had little trouble in defeating the opposition. The infield of the Blue Caps was airtight with such stars as Bertha Clyde, Edith Seymore, Emma James, Selma Wych, Frances Sheffield and Ozie Jones. On February 20, 1950 the Blue Caps will face the stiff opposition of Shalove Junior High. This promises to be the game of the season. With twelve more games to play the team is expected to be in much better condition at the end of the season.

Additional to Safety Patrol

Cecil Mack of the 6th grade and Amos Griffin of the 5th grade and the newest members of the school Safety Patrol at South Bay Elementary.

The Drama Club

The Drama Club of the South Bay Elementary School will present on February 10, 1950, the play, "The Magic Cottage," for the entertainment of the Student body also. William A. Ghent, Leader of Class No. 1, spoke a few kind words in memory of the late Mrs. M. P. Soudal.

A lovely solo was sung by

Miss Ira Mae Humble as the soloist of the program. The solo was "Brother Shuler," by Brother Shuler. Then Mr. Royal, an outstanding leader in the Community Methodist Church, presented the service with the service.

Parent Of The Month

This month we have chosen Mrs. Ella Mae Jones as outstanding Parent Of The Month, because she too is very cooperative in both the activities of the school and community. She has four children attending school at South Bay Elementary. Mrs. Jones since activity on behalf of the school has earned for her the enviable title of "Parent Of The Month." And we as teachers and students of South Bay are happy to have her as one of us.

Well

Teach: "Where is the capital of the U. S.?" All join: "Pop says it's located all over the world."

Notary Public for the State of Florida.

My Commission Expires on Jan. 1, 1951.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of said Court at Miami, Florida, this 26th day of January, 1950.

WILLIAM A. GHENT, Defendant.

Filed for Record at 11:30 A.M., January 26, 1950.

State C Of C Cites Meat Slaughtering Decrease In 1949

Florida meat packing plants slaughtered a total of 768,766 cattle, calves, hogs and sheep through November last year according to the Florida State Chamber of Commerce.

The total live weight of animals slaughtered was reported as 253,824,000 pounds in this week's business review of the State Chamber's research and industrial division. The eleven month 1949 slaughter total was made up of cattle amounting to 160,610,000 pounds; calves 22, 518,000 pounds; hogs 76,683,000 pounds and sheep 13,000 pounds.

Unusually heavy cattle and calf marketing occurred in 1948 as ranchers weeded out, thereby improving their herds and shipped increased numbers of feeder cattle to points out of the state. A decrease of slaughtered cattle and calves in numbers and weight in 1949 (15 percent) was a natural consequence and tended generally to expand herds.

The numbers and live weight of hogs slaughtered in Florida through November last year were both above 1948.

All slaughtering in commercial plants are included in this report but farm slaughtering is excluded.

State Air Marine Reserves To Get Squadron Award

United States Marine Reserve Fighter Squadron-142, based at the U. S. Naval Air Station, Miami, has been judged the best flying Leatherneck reserve fighter squadron in the nation on the basis of all-around performance during 1949. Brigadier General William C. Brien, USMC, Commander, Marine Air Reserve Training, has announced.

First presentation of the national Marine Air Reserve Trophy, now to be competed for annually by thirty Marine Air Reserve fighter squadrons from coast to coast, will be made by General Clifford B. Gates, USMC, Commandant of the Marine Corps, in colorful ceremonies at the Miami Naval Air Station, starting at 3 p.m., Sunday.

The public is invited to attend Captain Charles H. Ewan, USNR, commanding officer of the Air Station, has declared "Open House" in honor of the event, and all hands are busy with preparations to handle the anticipated overflow crowd from all parts of the state expected to be on hand to witness the trophy presentation.

Captain Ewan and Lt. Col. Arthur W. Fisher, Jr., USMC, commanding officer of the Marine Air Detachment at Miami, will be hosts to General Gates, other high-ranking Marine and Navy officials, including: Vice Admiral John W. Reeves, USN, Chief, Naval Air Training; Rear Admiral John W. Cassidy, USN, Deputy Chief of Naval Operations; Rear Admiral Austin K. Doyle, USNR, Chief, Naval Air Reserve Training; Major General William J. Wallace, USMC, Director of Division of Marine Aviation; Major General Mervin H. Silverthorn, USMC, Director of Division of Marine Reserve; Brigadier General Clayton C. Jerome, USMC, and Florida state and city leaders.

Florida's first champion Marine Air Reserve Fighter Squadron is commanded by Lt. Col. Roland F. Smith, USMC, at Opa-Locka, who is at present studying law at the University of Miami. During World War II, Lt. Col. Smith served with the Marines famous "Red Devil" dive-bombing squadron that scoured the Japanese fleet in the Solomons, sinking 32 enemy ships.

It is composed of citizen-Marine from every walk of life in Miami and surrounding communities who have been developed by Marine Corps methods into a constantly ready reserve force of air fighter specialists, maintaining and developing air combat skills vital to the nation in the event of any emergency.

On nation-wide practice mobilization maneuvers during the past three summers, Marine Air Reserve squadrons have demonstrated dramatically how they can rendezvous in wing strength, on either coast, from home stations throughout the country, in 24 hours.

In three post-war years of incalculable loss to the nation, flying a total of 4,112,240 miles on maneuver exercises alone, Marine Air Reserve squadrons have not had one fatal accident, while posting outstanding records for gunnery, bombing, rocket strikes and close support to

ground troops which is the Marine air specialty.

Extension Service Offer Suggestions On Farming Topics

(Editor's Note: Information in this column comes from the Agricultural Experiment Stations and Agricultural Extension Service of the University of Florida.)

A hog that keeps its head turned to the left and staggers in that direction may be suffering from an infection of the semi-circular canals in its right inner ear. These canals maintain an animal's equilibrium, and when something goes wrong with them the animal loses its balance. Turning and staggering in that direction may be the result of an infection of the canals in the left ear were infected. Sometimes this condition can be alleviated by a veterinarian establishing drainage from the infected area.

Early blooming is rather common when Easter lily bulbs are planted outdoors and subjected to wide fluctuations in soil and air temperatures and moisture conditions. Under controlled greenhouse conditions, where the bulbs are cold-treated before planting and are kept under controlled temperature conditions, very little early blooming occurs.

Garlic can be grown successfully in Florida for home use or for local small sales, but planting on a commercial scale is not recommended because of difficulties in raising the crop. The cloves should be planted three or four inches apart in the row in late fall or early winter. The crop can be harvested in late spring. The soil should be given four to five pounds of complete fertilizer, such as 4-7-5, for every 100 square feet of garden area.

Prolonged exposure to direct sunlight may destroy natural bacteria on legume seed. Excessive drying of the seed after inoculation also is detrimental to the bacteria. It is advisable to plant legume seed as soon as possible after inoculation.

Farm records enable the farmer to store a proper course. Hybrid seeds offer promise of increased home yields.

State Fair Crowds Expected To Exceed Last Year's Total

For the benefit of out-of-town people, officials of the Florida State Fair have arranged to offer reserved seats in the grandstand for each afternoon and night show.

Those planning to attend the Fair, may write or phone the reservations and as long as they are available, they will be set aside in the name of the party requesting them to be picked up before 12:00 o'clock noon on the day of the show.

By securing your tickets in advance you can avoid the delay and discomfort of standing in line and be assured a comfortable box seat where you can review the parades, see the auto races or thrill show and other outstanding acts that go to make this year's all-star grandstand entertainment.

Reserved seats for Gasparilla Day, placed on sale last week, were sold out in 24 hours, but plenty of seats are still available for the Auto Races, the Saturday and Sunday children's Gasparilla Parade Feb. 8 and Shrine Parade Feb. 9. Only box seats are reserved for any of these events and are \$10.00. Upper grandstand seats are \$1.00 and bleacher seats \$1.00, tax included, (both unreserved).

In writing or phoning for reservations be sure and advise particular day desired and whether for afternoon or night performance. Advance Sale Office, Fair Grounds, Florida State Fair, Tampa.

Harold Lloyd, famous movie star and now Imperial Potentate of the 410,000 Shriners throughout the country, will be in Tampa for the annual Shrine Day at the Fair, February 9, according to L. B. Lloyd, potentate of Egypt Temple, Tampa's Shrine.

Your City, Tampa's Latin Quarter, will garb its seniorita in mantillas, high combs and the colorful costumes of the Old World, and send strolling musicians singing through the streets next Wednesday when the Quarter celebrates its annual Fiesta Fiesta.

The Fiesta, a part of Tampa's famous Gasparilla Pirate Festival, will be highlighted by an

illuminated night parade of the Gasparilla Pirates and half a hundred floats. Street dancing and gay balls and parties at the Quarter's four Latin clubs are also scheduled.

King Gasparilla XXXVII, and his queen, both as yet unnamed, will be guests of honor at a ball in the Circulo Cubano Club.

Election of the new king and

queen is a part of the week-long Pirate Festival which opens with an invasion of the city on Monday, when 350 pirates will sail their three-masted slop-of-war out of Tampa Bay to demand the city's surrender.

The cajeput tree is often referred to as being fireproof because of the sponge-like water absorbing quality of its bark.

The Worst Is Yet To Come Grandpa was visiting his young married daughter, who on this particular evening was distracted because her own baby daughter would not fall asleep.

"Tell me Daddy," pleaded the exasperated young mother, "at what age was it the most difficult to get me to sleep?"

"About 18," replied the father.

PONTIAC

A Wonderful Car— at a Wonderful Price!

\$1843

DELIVERED HERE

5-Passenger Streamliner Six-Cylinder Sedan Coupe

Dollar for Dollar—You Can't Beat a Pontiac!

Ever since the day we first put the new 1950 Pontiac on display, we've heard one word repeated over and over again: "WONDERFUL!" People admire its wonderful smart and distinctive styling. They delight at its wonderfully thrilling performance. They check features and compare prices and say it's a wonderful value. And it is a wonderful value—a car of very low price that has everything it takes to make an owner proud and happy! See the wonderful new 1950 Pontiac. You'll never own a better car—no matter what you pay!

This Week's Sermonette Is Written By J. H. Lynn, Minister of the Church of Christ, Belle Glade.

What do we mean when we say the Bible is the inspired word of God? Some answer, "I know the Bible is inspired because it inspires me." If this is the highest conception one has of divine inspiration it is a puerile and absurd. Whenever I hear a band strike up "Dixie Land" I am much more "inspired" by it than I am by reading some dull and detailed portions of the Old Testament. If we are not able to feel a more exalted definition for inspiration, that emotional enthusiasm that we might as well forget it altogether.

When we speak of the inspiration of the Bible we mean that God dictated what the writers said. Unless we accept this definition then we need not contend for the inspiration of the Scriptures at all. In listening to an orchestra we may not think much about some of the minor instruments, but without them the beautiful harmony of the music would be incomplete. In the same way the dull portions of the Old Testament supply the links in the complete symmetry of the entire Bible.

Either the Bible is the inspired Word of God, or it is not. If it is the word of God—and it is—then we are under strict obligations to follow it in our religious work and worship. If it is not the Word of God, then we might as well think nothing of it and go on and do as we please, following our own bent of mind as our sole rule of conduct in life. Not only is the Bible inspired, it tells us to hear no other. There can be no middle ground. Let us remember this timely warning from the apostle Paul: "Though we, or an angel from heaven, should preach unto you any gospel other than that which we preached unto you, let him be anathema." (Gal. 1:8).

Next Week's Sermonette Will Be Submitted By Rev. B. A. Oswald, Pastor of the South Bay Baptist Church.

"I was glad when they said unto me, let us go into the house of the Lord."—Psalms 122-1.
